

WHO SHOULD ATTEND?

- Builders
- Contractors
- Excavators
- Developers
- Project Managers
- Engineers
- Erosion Control Inspectors
- Architects
- Stormwater Pollution Prevention Plan (SWPPP) Preparers

Indiana Code requires that a **“trained individual”** design, install, and monitor all stormwater practices on construction projects. This **“trained individual”** must have experience and training in stormwater quality, including erosion and sediment control.

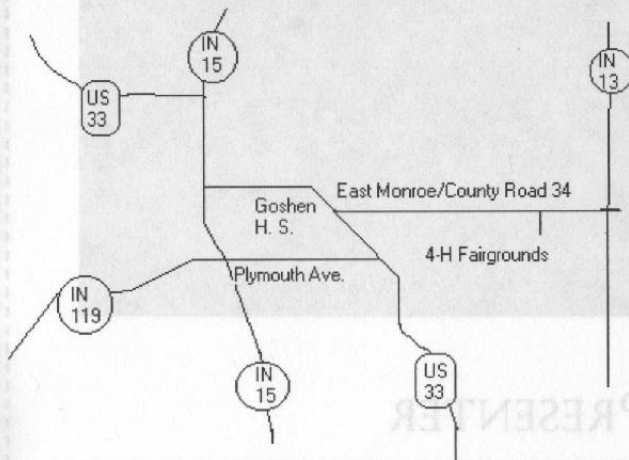

Each participant will receive a certificate showing 6.0 Professional Development Hours (PDHs) received (pending approval).

DIRECTIONS

Whether coming from SR 15, SR 119, or US 33, you eventually want to be at the intersection of US 33 (Madison) and Monroe St. (CR 34) - across from Goshen high school. Turn east on Monroe, cross the railroad tracks, and turn right into the Fairgrounds at Gate 3. Park in the parking lot on your right and walk through the gate due south to enter Ag Hall.

SPONSORS:

Michiana
Stormwater
Partnership

CONTRACTOR WORKSHOP

COMMON SENSE EROSION & SEDIMENT CONTROL

Photo by USACE Europe District

May 17, 2011

9:00 am - 4:00 pm

Elkhart County 4-H Fairgrounds
Ag Hall

Cost: \$20 (Free for municipal or county
staff in Elkhart or St. Joseph County)

6.0 PDHs for professional engineering
and stormwater certifications
(pending approval)

AGENDA

8:30 Registration

9:00 Common Sense Stormwater Protection:

- What is stormwater pollution and why is it a problem?
- What does the building community need to know about stormwater regulations?
- What can we do to stay in compliance and protect clean water?
- What are some common-sense practices that won't break the bank?
- Where are the regulations heading?

12:00 Lunch (provided)

1:00 Self-inspection & Monitoring

- Inspection rules and what to look for
- Self-inspection case study

2:00 Field trip to local construction project to see practices in the field (**bring hard hats, safety vests, and safety glasses**)

4:00 Adjourn

PRESENTER

JENNIFER HILDEBRAND
CPESC, CPSWQ, CESSWI, CISEC

Ms. Hildebrand is Manager of Environmental Compliance at WSB and Associates, Inc., in Minnesota. She has been involved in the stormwater and erosion control industry for over 17 years, working for private sector building and engineering firms.

Ms. Hildebrand has traveled extensively as a presenter for the International Erosion Control Association and Envirocert International. In addition to her professional certifications, she holds a Master's degree in Business Administration.

Each participant will receive a certificate showing 6 Professional Development Hours (PDHs) received (pending approval).

REGISTRATION

Name _____

Company _____

Address _____

City _____ State _____ Zip _____

Phone _____

Email _____

Cost:

_____ Free - County/Municipal Staff in Elkhart or St. Joseph County (registration still required)

_____ \$20 - All others

Make check payable to Elkhart County SWCD

Lunch, refreshments, and BMP Pocket Guide included in registration cost

Registration Deadline: May 6, 2011
